Kawa of Care

The Kawa of Care is an agreement between students, parents, and schools, to ensure the best care and responsibility is exercised with their Chromebook during each student's time at Hornby High School.

Responsible Use Student agreement:

- I will respect the equipment (my Chromebook, power charger and bag/sleeve) by always looking after it and keeping it safe.
- I will respect others by always using this Chromebook to interact with anyone in a kind, positive and helpful way.
- ***I will make the most of this opportunity to LEARN and CREATE lots of new things and to SHARE my knowledge and understanding with others.***
- I will always be in the right place, at the right time, when I am online. If in doubt I will ask my teacher or parent.
- I will protect my password and keep it completely secret.
- When I take my Chromebook home, I will make sure I bring it back to school to use, fully ***charged and ready for learning.***

Responsible Use Parent agreement:

- I will ensure we are cybersmart at home to keep my children safe whilst they are working on-line.
- I will interact with my child's learning in a kind, positive and helpful way.
- I will respect the terms of the 'Kawa of Care' and ensure my child is encouraged to be a responsible user.

School agreement – we will:

- offer technical support for student devices where applicable.
- ensure the classroom environment adheres to the CyberSmart curriculum.
- support parents in engaging with student work.

Connecting to the Internet

The aim of Hornby High School and the Manaiakalani Outreach Programme is to have all of our students who live in the area able to connect their Chromebook to the internet. Parents should ensure there is a broadband connection at home if possible. The school may be able to help with this. Please ask.

User Conditions

All Chromebooks must have a safe place for charging and storage at home. This should be on a desk or shelf, never on the floor.

When using your Chromebook

1. No food or drink is allowed near your Chromebook.
2. If you are charging your Chromebook while using it, you must work in a space where no one will be able to walk on, trip over, or damage your charger while you are using it. Make sure the cables will not create a hazard to the device or other people.
3. If you are working at a table, keep your Chromebook away from the edges and other contents that could lead to the damage of your device.

4. If you are working on the floor, choose a space where people can see you so they don't trip over and hurt you, themselves or the Chromebook.

When moving your Chromebook

1. If you are passing your Chromebook to anyone or carrying your chromebook in the classroom you must:

- a) ensure the lid is closed.
- b) you must carry it with two hands.
- c) never carry a Chromebook by its screen.

2. When Chromebooks are being carried anywhere outside they must be:

- a) inside their bag.
- b) the bag must be carried by its handles OR inside a suitable school bag/backpack.
- c) protected from rain and wet or damp conditions at all times

Teachers will regularly reinforce and remind students of this Kawa of Care. These are all common-sense rules that ensure the safety and efficient use of student digital devices. We ask all parents & caregivers to support the rules and guidelines in this Kawa of Care.

Hornby High School Vision Statement

Hornby High School provides caring, progressive and individualised education.

Hornby High School Values

Commitment

Achievement

Resilience

Respect

Respect for self, Respect for others, Respect for the school.

MANAGING STUDENT BEHAVIOUR (Referral System)

Hornby High School has adopted a system for dealing with disruptive classroom behaviour which is non-confrontational and restorative. The aims of this system are:

- * To remove any student from the class whose behaviour is preventing the teacher from teaching the class and/or other students from learning.
- * To encourage the disruptive student to be responsible for modifying his/her own behaviour so that it conforms to accepted standards of class conduct.

The system and how it works to achieve a ‘win-win’ situations is fully explained below.

All teachers endeavour to create a warm and purposeful teaching environment in their learning zones. If, after two warnings and referral to the class rules, a student will not behave satisfactorily or is interfering with the right of other students to work, then they will be referred from the learning zone.

Referral Room

The teacher sends the student to the referral secretary at ‘Student Services’. Students take their bag and the student half of referral slip with them on referral. On arrival, the referral secretary will help the student write a statement giving their side of the problem. Parents and the Dean will be notified that a referral has occurred. The student returns to class when they have demonstrated that they are ‘learning ready’.

Working It Out

Either the student or the teacher may request a ‘work out’ to discuss the classroom incident. ‘Work out’ is an opportunity for a calm and reasoned discussion between the student, teacher, and dean.

Persistent Disruptive Behaviour

A student who has several referrals will be referred to the Dean or Deputy Principal. Parents will be notified, a meeting is usually held and options discussed. If the poor behaviour persists, the student could face stand-down, suspension, or alternative action by school management. Parents will be closely involved in this process.

Outside the Classroom

The Hornby High School Values encourage student behaviour outside the classroom to show respect for people and property and to follow the school rules. The following consequences exist for those students who break the rules of acceptable conduct.

- **Dean’s Consequence** means that students must report to their dean at a prearranged time to discuss the situation which brought them to the dean’s attention. They may be required to stay to perform tasks appropriate to the situation.
- **After-School Detentions** run for one full hour from 3-4pm and usually involve work around the school. After-school detentions are a higher level response for more serious offences or repeat offences.
- **Principal’s Detentions** run at 7.30am. These detentions are for very serious or persistent problems.
